Subject: Chi-X Business Continuity Testing- Production Environment

Chi-X today takes this opportunity to announce its plans for two business continuity tests, scheduled to take place on:

- **Saturday 29th June 2013- Market Wide Chi-X Business Continuity Test 1**
 - o This test will include the failure of key components in the primary production environment;

- **Saturday 16th November 2013- Market Wide Chi-X Business Continuity Test 2**
 - o The test will include a full site failover from the primary to the secondary trading infrastructure.

All Chi-X participants and the data and software vendor community are encouraged to take part in these tests as they form an important part of the process of validating the business continuity arrangements for the operation of the market.

It is anticipated that the tests will take place between 9am and 11am on both dates.

Further details on the exact scope and schedule for the tests will be published in readiness for each date.

If you have any queries on this announcement please contact Market Operations.
