

Market Operations Notice

Date: 2nd August 2011

Reference number: 0003/11

Subject: High Demand for Chi-X Australia Test Environment

Demand for our test environment has exceeded our expectations and forecasts. As a result of this success, in the coming weeks we need to perform some capacity planning to identify and re-allocate inactive gateways. Inactive gateways are those that have had no recent testing activity (e.g. orders being entered).

Should you have any questions regarding this process don't hesitate to contact us on +612 8078 1701 or support-cxa@chi-x.com.
