

Market Operations Notice

Date: 8th August 2011

Reference number: 0004/11

Subject: Increasing Participant Test Environment Capacity

As we noted in Market Operations Notice 003/11, demand for the test environment continues to exceed expectations. In response to this we are increasing the capacity of the test environment. This is scheduled to be done from Sat 13th August to Tues 16th August, and during this period the test environment will be unavailable. We regret any inconvenience this may cause but once upgraded we will be able to accommodate additional requests for test environment system resources.

If you have any questions don't hesitate to contact us on +61 2 8078 1701 or support-cxa@chi-x.com
